

LOL0032-P

Model No	LOL0032-P
Application	Accent
Description	Die Cast Aluminium Uplight on Pole
Lamp	MR16 LED
Wattage	5W - 7W
Voltage	12V

Finish	Wide range of powdercoat colours and finishes
Mounting	Pole Mount*
Fasteners	Stainless steel screws
IP	TBA
Weight	TBA

Dimensions	645 x 57 x 272
mm	H x W x L

Notes

* Screw mounts onto a variety of fixtures

Detailed description

Versatile and powerful, this low voltage up & accent fixture is constructed of die-cast, copper-free aluminum for strength and reliability. The fully rotatable shroud is fitted with a silicone o-ring gasket to ensure a superior weather-tight seal. A clear or frosted convex glass lens safeguards the lamp and optics. The intelligently engineered fully adjustable knuckle is made from injection-molded, fiber-reinforced composite which effectively isolates the fixture from the harmful corrosive soil.

Note: All dimensions and other specifications can change without notice. Please contact Light On Landscape to confirm the availability and current specifications of this luminaire.

Installation: Light On Landscape strongly recommend that all luminaires be correctly installed and maintained. Failure to do so will result in the voiding of the manufacturer's warranty and the reduced efficiency, performance and life of the fixture. To eliminate voltage drop, we advise that the recommended UV stabilized cable and run lengths are used, along with soldered joints, heat shrink connectors and quality lamps.
